EXPERIENCE

CodeforGovTech (DMP C4GT) @ShikshaLokam

Jun 2025 to Sep 2025 | 4 mos | Bengaluru, India • Remote

- Worked on ShikshaLokam's admin portal, developing the Tenant and Organization Management System with a strong frontend focus - designing and implementing listing, detail-view, edit/update pages, building dynamic form components, integrating APIs, and enhancing the overall UI/UX to deliver a smooth and efficient management workflow.

The Linux Foundation (LFX Mentee) @TheOpenMainframeProject

Jun 2025 to Aug 2025 | 3 mos | San Francisco, California, United States • Remote

- Selected as an LFX Mentee for the Open Mainframe Project, contributing to modernization and quality improvements for the COBOL Programming Course with a focus on debugging and ABEND resolution. Developed **5 hands-on** labs simulating real mainframe failure (ABEND) scenarios, enhanced existing labs for better learning flow and accuracy, and strengthened overall course reliability.

Assistent Software Developer @ScholarsAvenue

Aug 2025 - Present | Remote

- Contributed to [Masterslee](#) by building responsive, user-friendly interfaces using React, ReactBits, Node.js, and Supabase. Currently developing a full-stack mentoring platform for personalized study-abroad guidance, and authored [blogs](#) for Scholars Avenue on global opportunities and student exchange programs.
